

# CURRICULUM VITAE

## Somayyeh Razzaghi, PhD

Department of Soil Science and Plant Nutrition

Email: srazzaghi@erciyes.edu.tr

### EDUCATION

---

- Postdoc**      **Soil Science and Plant Nutrition (2016-2017)**  
Dept. of Soil Science and Plant Nutrition, Cukurova University, Adana, Turkey.  
Dissertation title: *'Evaluating and mapping carbon management and soil quality of the Seyhan River Basin in Turkey.* GPA: AA
- Postdoc**      **Soil Science and Plant Nutrition (2015-2016)**  
Remote Sensing and GIS sub-division, Cukurova University, Adana, Turkey.  
Dissertation title: *'Investigation of Different Mycorrhizae Species and Nitrogen Dose Applications on Carbon Release-Sequestration in Sour Orang Seedlings Under Greenhouse and Field Conditions.* GPA: AA
- Ph.D.**          **Soil Science and Plant Nutrition, 2010-2014**  
Department of Soil Science and Plant Nutrition, Cukurova University, Adana, Turkey. Dissertation title: *'The Mineralogical and Micromorphological Properties of Root Zone Soils of Red Pine and Oak in Göksu Catchment.* GPA: 3.78/4.00
- MS**            **Soil Science and Plant Nutrition, 2007-2009**  
Department of Soil Science and Plant Nutrition, Karaj University, Karaj, Iran.  
Thesis title: *'Effect of water deficit on grain yield and nutrient uptake of wheat cultivars.* GPA: 17.57/20.00
- BS**            **Soil Science and Plant Nutrition, 2001-2004**  
Department of Soil Science and Plant Nutrition Urmia University, Urmia, Iran.

### PROFESSIONAL EXPERIENCE

---

- 2016**          Working as a post-doctoral researcher in a TUBITEK project number: 2216  
Research Fellowship Program for International Researchers entitled "Evaluating

and mapping carbon management and soil quality of the Seyhan River Basin in Turkey”, Applied Science Institute, Remote Sensing and GIS sub-division University of Cukurova, Adana, Turkey. Responsibilities are:

- Soil sampling under a canopy of the forest and agriculture covers
- Prepare soil samples for analysis.
- Analyze active, passive, and intermediate carbon
- Carbon sequestration modeling
- Derivation of soil quality index
- Validation of soil quality index
- Data analysis and interpretation
- Mapping of carbon management and soil quality indices
- Write progress and annual project reports
- Present research results at national scientific meetings.
- Publish papers on present research in international journals

**2015**

Working as a post-doctoral researcher in a TUBITEK project (project number: 114O448) entitled “Investigation of Different Mycorrhizae Species and Nitrogen Dose Applications on Carbon Release-Sequestration in Sour Orang Seedlings Under Greenhouse and Field Conditions”, Dept. of Soil Science and Plant Nutrition, University of Cukurova, Adana, Turkey. Responsibilities are:

- Preparing the soil for the greenhouse experiment
- Design everything in the greenhouse for the experiment
- Prepare all fertilizer and especially nitrogen doses for application
- Irrigation of the seedlings every day
- Measuring the shoot height and diameter every month
- Separating the shoot and roots after harvesting
- Separating the rhizosphere and unrhizosphere soil in soil sampling
- Cleaning the roots and shoots and put them in the oven for analysis
- Determine micro and macronutrient and Carbon content in the root, shoot, and soil samples
- Separate soil different aggregate fractions for structural stability and Carbon content analysis by wet sieving method
- Determine structure stability and mean weight diameter in different aggregate fractions
- Supervise and participate in measuring CO<sub>2</sub> release from soil in field conditions
- Supervise and participate in field/lab data collection.
- Organize and analyze data using different statistical tools/software.
- Write progress and annual project reports
- Present research results at national scientific meetings.

**2013**

Working as a researcher (graduate student assistant) in a TÜBİTAK project (project number: 110Y120) entitled “Effect of arthroscope on carbon management”, Dept. of Soil Science and Plant Nutrition, University of Cukurova, Adana, Turkey.

- Total carbon/organic carbon
- Total nitrogen
- Aggregate size fractions and stability
- Supervise and participate in soil sample and field/lab data collection
- Biomass carbon (NPP) and biomass analysis
- Strategic plan and schedule field/lab work
- Organize and analyze data using different statistical tools/software
- Write progress and annual project reports
- Present research results at national scientific meetings.

### **2013 (Summer)**

Employed as a researcher in the “Adaptation Scenarios of Italian Agriculture to Climate Change- Agroscenari”, Research Centre of Agrobiolgy and Pedology, **Florence, Italy**

- Soil Porosity analysis
- Interpreting the results obtained from image analysis (by Image Pro-Plus software) of soil thin sections
- Soil Structure analysis
  - By characterizing macro porosity in all its aspects
- Soil Aggregates Stability analysis
  - By wet sieving method
- Soil Organic Carbon analysis in different size fractions of aggregates
  - By CN elemental analyzer
- Soil Total Nitrogen analysis in different size fractions of aggregates
  - By CN elemental analyzer
- Soil Texture analysis
  - By using the sedigraph (according to the new original procedure developed in the Research Centre of Agrobiolgy and Pedology of Florence
- Soil water retention analysis at field capacity and wilting point
  - By pressure plate extractor
- Effectively analyze all obtained results using different statistical tools/software
- Effective present results at International Scientific Congress

### **Supervising Engineer of wheat**

**2004 - 2005**

#### **Agricultural Engineering Center, Urmia, Iran**

- Effectively organized State level training programs/field days for farmers on identification and management of wheat

### **Senior Research Fellow**

**2003 - 2004**

#### **Agriculture Research center of west Azerbaijan. Urmia, Iran**

- Efficiently worked in team research center lab/field team in different physical and, chemical analyses of plant, soil and water samples

## **TEACHING EXPERIENCE**

---

### **Teaching:**

- 2024 Soil Quality.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Soil Management.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Soil Mineralogy.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Geology and Geomorphology.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Land Management.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey
- 2024 Soil Survey and Mapping.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 The Soils of Turkey.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Soil Genesis.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2024 Vocational Practice.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Soil Quality.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Soil Management.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Soil Mineralogy.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Geology and Geomorphology.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.

- 2023 Soil Survey and Mapping.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 The Soils of Turkey.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Soil Genesis.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2023 Vocational Practice.** Erciyes University, Agricultural Faculty, Department of Soil Science and Plant Nutrition, Kayseri, Turkey.
- 2018 Soil Science and Fertilizers.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the Seed program (50 students).
- 2018 Soil Science and Fertilizers.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the organic agriculture program (41 students).
- 2018 Soil Science and Fertilizers.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the horticulture program (46 students).
- 2018 Organic Fertilizers.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the organic agriculture program (27 students).
- 2018 Irrigation Techniques.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the horticulture program (22 students).
- 2018 Irrigation Techniques.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the organic agriculture program (22 students).
- 2018 Irrigation Techniques.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises for the Seed program (28 students).
- 2018 Soil Science and Fertilizers.** Dicle University, Diyarbakir Vocational School of Agriculture, Department of Plant and Animal Production, 21280- Sur- Diyarbakir, Designed and led laboratory exercises (40 students).

- 2014 General Soil Science** Agriculture Research center of west Azerbaijan. Urmia, Iran. Designed and led laboratory exercises (25 students).
- 2011 Soil Physics Analysis Methods.** The University of Cukurova, Department of Soil Science. Designed and led laboratory exercises (25 students).
- 2009 Soil Science Analysis Methods.** The University of Payam Nur, Urmia, Iran. Designed and led laboratory exercises (25 students).
- 2009 Sociology of Agriculture.** The University of Payam Nur, Urmia, Iran... Led weekly student discussion sessions and designed biweekly quizzes. Graded student assignments and quarter-long projects (56 students).
- 2008 General Soil Science.** The University of Payam Nur, Urmia, Iran, Organized class projects and laboratory exercises, and guided students in the interpretation of results, scientific literature, and lab report writing. (50 students).
- 2008 Soil Science Analysis Methods.** The University of Payam Nur, Urmia, Iran. Designed and led laboratory exercises. Graded student assignments, exams, and quarter-long projects. (25 students).
- 2008 Soil and Water Management.** The University of Payam Nur, Urmia, Iran. Organized weekly laboratory exercises, quizzes, and student discussion sessions. Graded laboratory exercises (50 students).
- 2007 Soil Science Analysis Methods.** The University of Payam Nur, Urmia, Iran. Designed and led laboratory exercises (25 students).

## **PROFESSIONAL TRAINING**

---

- 1992-2000** English Language in International Language Center, Urmia, Iran.
- 2002** Computer skills.
- 2004** Planting and harvesting of wheat in Agriculture Research Center, Miandoab, Iran.
- 2013** Soil Physical analysis in Research Centre of Agrobiolgy and Pedology, Florence, Italy
- 2016** Soil CO<sub>2</sub> emission analysis from the soil in the University of Cukurova, Adana, Turkey.
- 2017** Soil Climate-smart organic and ecological farming systems and their impact on soil health and agro-ecosystem services in Soin de la Terre Les Crêts 71250 Château,

France.

- 2017** GIS for desktop, ESRI, University of Bilkent, Ankara, Turkey.
- 2017** International workshop of drip irrigation and fertigation, University of Dicle, Turkey.
- 2022** 2nd International and 15th National Congress on Agricultural Structures and Irrigation 20 – 23 May 2022-Diyarbakır (In organization committee)

- 2014** **Somayyeh Razzaghi**, Mohammad Rezaei. Effect of water deficit on grain yield and Fe, Zn, Mn, and Cu uptake of wheat cultivars. In: *9th 'International Soil Science Congress*. The soul of soil civilization. Page: 678. October 14-16, 2014, Antalya/Turkey. (Poster).

- 2014** Mohammad Rezaei, **Somayyeh Razzaghi**. Effect of drought stress on grain yield and P, K, Ca, and Mg uptake of wheat cultivars. In: *9th 'International Soil Science Congress. The soul of soil civilization* Page: 613. October 14-16, 2014, Antalya/Turkey. (Poster)
- 2014** Süha Berberoğlu, Erhan Akça, Mehmet Ali Çullu, Özden Görücü, Gönül Aydın, Rattan Lal, Sabit Erşahin, **Somayyeh Razzaghi**, M.Akif Erdogan, Merve Ersoy, Ahmet Çilek, Hasan Özcan, Yusuf Kurucu, Levent Atatanir, Alper Yorulmaz, Mustafa Sari, Ertuğrul Aksoy, Mehmet Arif Özyazici, Orhan Dengiz, Mehmet Ali Gürbüz, Ilker Kurşun, Süleyman Temel, Duygu Boyraz, Yusuf Işık, Sait Gezgin, Emine Günay, Selim Kapur. Carbon Response Units Approach in Land Management Planning: The Goksu River Basin Case Study. In: *Istanbul Carbon Summit. Carbon Management Technology and Trade*. Page: 53. April 3-5, 2014. Istanbul/Turkey. (Oral)
- 2014** Gönül Aydın, Rattan Lal, Özden Görücü, Mehmet Ali Çullu, Süha Berberoğlu, Erhan Akça, Doğanay Tolunay, Merve Ersoy, **Somayyeh Razzaghi**, M.Akif Erdogan, Ahmet Çilek, Yusuf Kurucu, Levent Atatanir, Alper Yorulmaz, Sabit Erşahin, Hasan Özcan, Mustafa Sari, Ertuğrul Aksoy, Mehmet Arif Özyazici, Orhan Dengiz, Mehmet Ali Gürbüz, Ilker Kurşun, Süleyman Temel, Duygu Boyraz, Yusuf Işık, Sait Gezgin, Emine Günay, Selim Kapur (2014). Carbon Stocks in Soils of Turkey. In: *Istanbul Carbon Summit. Carbon Management Teknology and Trade*. Page: 54. April 3-5, 2014. Istanbul/Turkey. (Oral)
- 2014** Pellegrini S., Agnelli A.E., Andrenelli M.C., Barbetti R., Castelli F., Costantini E.A.C., Lagomarsino A., Pasqui M., Tomozeiu R., **Razzaghi S.**, Vignozzi N (2014). Dynamics of aggregate stability and soil organic distribution as affected by climatic aggressiveness: a mesocosm approach. In: EGU General Assembly 2014. Geophysical Research Abstracts Vol. 16, EGU 2014-6978-2, 2014, 27 April – 02 May 2014. Vienna/Austria. (Oral)
- 2013** Süha Berberoğlu; Erhan Akça, Nejat Erk, Mahir Fisunoğlu, Tamer Gök, Sevda Polat, Osman Polat, Mehmet Akif Erdoğan, Cenk Dönmez, **Somayyeh Razzaghi**, Sinan Fikret Erk, Selim Kapur. 2013. The keys of climate change: Carbon mapping. *Cukurova University. Adana. Turkey*. (Poster)
- 2012** Mohammad Rezaei. **Somayyeh Razzaghi**, Soleiman Mohammadi, Alireza Eivazi (2012). Introduction of new bread wheat genotypes to improve grain Mg, Zinc and Fe contents in water deficit conditions .*12<sup>th</sup> Iranian Crop Sciences Congress*. 4-6 September 2012. Karaj Branch. Islamic Azad University. Karaj/Iran. (Oral)
- 2012** Mohammad Rezaei, **Somayyeh Razzaghi**. 2012. "Micronutrients uptake and distribution by bread wheat genotypes under water deficit. In: *8th International*

*Soil Science Congress on "Land Degradation and Challenges in Sustainable Soil Management"*. Page: 244, May 15-17, 2012. Cesme-Izmir/ Turkey. (Poster)

- 2012** M., Rezaei, N. Najafi, S. Zehtab Salmasi, K. Ghassemi Golezani and **S, Razzaghi** 2012. Internal Macronutrients Use Efficiency of Wheat Cultivars under Water Stress Conditions. In: *8th International Soil Science Congress on "Land Degradation and Challenges in Sustainable Soil Management"*. Page: 238 May 15-17, 2012. Cesme-Izmir/Turkey. (Poster)
- 2011** **Somayyeh Razzaghi**, Mohammad Rezaei. Deficit Irrigation Effects on Nutrient Uptake in Bread Wheat. In: *12th National Soil Science Congress on "Soil Degradation and Sustainable Land Management"*. Abstract No: 183. September 3-5, 2011. -Tabriz/Iran. (Poster)
- 2011** Sariyev A.L, Tülün Y, S., Yusufova, M., **S. Razzaghi**, Akça, E., Gerayzade A.P. Determination of Unsaturated Hydraulic Conductivity at Field Conditions and Mathematical Modeling. In: *The 3rd Congress of Soil Scientists of Azerbaijan with international participation*". October 17-19<sup>th</sup>. P 54-56 2011, Baku/Azerbaijan. (Poster)

## **CONGRESS AND WORKSHOP ORGANIZING**

---

- 2023** International Workshop on Sustainability of Agricultural Water Management and Digitalization” dedicated 50th Anniversary of Dicle University 02-06 October 2023, Diyarbakir, Turkiye (**In organization committee**)
- 2022** 2nd International and 15th National Congress on Agricultural Structures and Irrigation 20 – 23 May 2022-Diyarbakır (**In organization committee**)
- 2022** II-International Conference on Global Practice of Multidisciplinary Scientific Studies July 26-28, 2022 / Batumi, Georgia (**In the scientific committee**)
- 2021** 3. International Congress of Agriculture Science 9 – 10 October 2021- Adana (**In the scientific committee**)
- 2017** International workshop of drip irrigation and fertigation, University of Dicle, Turkey.
- 2016** Soil CO<sub>2</sub> emission analysis from the soil in the University of Cukurova, Adana, Turkey.

## **SUPERVISOR**

---

**Title of M.S Thesis**

Effect of Nitrogen fertilizer on wheat nutrient uptake under drought stress (Mahabad University)

Study of Micronutrient uptake in seed and leaves of different genotypes of wheat (Urmia University)

Study of Macronutrient uptake in seed and leaves of different genotypes of wheat (Urmia University)

## **RESEARCH/PROFESSIONAL SKILLS**

---

- Extensive knowledge of working under laboratory, greenhouse, and field conditions
- Proficient in computer applications: MS Word, Excel, PowerPoint, MS Project, etc.
- Excellent communication skills and ability to interact across diverse scientific, professional, and cultural backgrounds
- Excellent leadership, organizational, and planning skills
- Ability to function effectively independently and in a team environment
